Section 1 Introduction

Introduction

The enclosed Indirect Cost Allocation Plan identifies the costs of indirect services provided by central service departments of the City of Long Beach (City) based on actual expenditures for fiscal year October 2021- September 2022. MGT Consulting Group (MGT) prepared these documents at the request of the City.

Overview

The cost allocation plan for the City was developed to identify the total program costs of providing municipal services to the citizens of Long Beach. There are two different types of cost allocation plans that are prepared for the City, a Full Cost allocation plan and a 2 CFR Part 200 compliant cost allocation plan. Here is a comparison of the two types of cost allocation plans prepared for the City of Long Beach:

- Local agencies provide services that include administrative and support expenditures which are not allowable for federal reimbursement. These expenditures, however, are appropriate for allocation under GAAP principles and guidelines. This allocation methodology is often referred to as a Full Cost allocation plan. It can be generalized that a Full Cost allocation plan is applicable for internal purposes such as recovering indirect costs from enterprise funds, special revenue funds and other funds, as well as included in establishing user fees, permits and applications, billing rates, hourly rates and costs of special services.
- Using federal guidelines, which are now codified in the Code of Federal Regulations (CFR) part 200, local governments may be reimbursed for these administrative and support expenditures if they are documented in a cost allocation plan and indirect cost rates that are compliant with the principles contained in the Circular. Generally, 2 CFR Part 200 compliant cost allocation plans apply to external purposes such as recovering indirect costs on federal and state grants and awards.

The comparison table shows the objectives, uses and considerations for both types of cost allocation plans:

COMPARISON OF COST ALLOCATION METHODOLOGIES			
PLAN TYPE	OBJECTIVES	TYPICAL USES	CONSIDERATIONS
FULL COST	<ul style="list-style-type: none"> ▪ Identify the true costs of administering all city departments, divisions and programs. ▪ Justification for charging the proportional cost for city administration and support to internal sources, or external sources in the case of billing rates and user fees. ▪ Typically result in higher returns than 2 CFR Part 200 plans. 	<ul style="list-style-type: none"> ▪ Charging non-General Fund funds for administrative and support services. ▪ Recovering citywide administrative and support costs in hourly and billing rates. ▪ Recovering citywide administrative and support costs in use fees and rates. ▪ Budgeting and resource allocations. 	<ul style="list-style-type: none"> ▪ Administrative and support costs allowable under GAAP. Plan conforms to 2 CFR Part 200 principles but is not as restrictive. ▪ Is not submitted for review to a cognizant agency. ▪ Basis for transfer of dollars from non-GF to the General Fund.
2 CFR PART 200	<ul style="list-style-type: none"> ▪ Identify administrative costs allowable under 2 CFR Part 200 and distributing those costs on an equitable basis. ▪ Charging admin and overhead costs to grants, claims and other uses that specifically require 2 CFR Part 200 use. 	<ul style="list-style-type: none"> ▪ Charging overhead costs to federal grants. ▪ Charging overhead costs to state grants and SB 90 claims ▪ Provides a conservative view of citywide administrative and support costs. 	<ul style="list-style-type: none"> ▪ If this type of plan is used for grant or claim use, 2 CFR Part 200 requires that an annual plan be prepared. ▪ Maybe reviewed by a cognizant agency.

As with most organizations, whether private or public, the costs of providing services can be classified into two categories: direct or indirect. Direct costs are those which can be specifically identified with a particular service, such as street maintenance, police protection or water services. Indirect costs are not readily identifiable with a particular operating program, but rather are incurred for a joint purpose which benefits more than one cost objective. Common examples are accounting, personnel, building maintenance, and information technology. Although these costs are not readily identifiable with direct operating programs, they are nevertheless incurred by that organization in providing a service or product. As such, it is essential that some method be developed to distribute indirect costs to operating programs if the total cost of a program is to be determined.

The City's attached cost allocation plan is prepared in accordance with generally accepted accounting principles (GAAP) as recognized by the Governmental Accounting Standards Board (GASB). The primary principles inherent in this document are (1) costs are necessary and reasonable for proper performance of a department, division and/or fund (2) costs are charged to departments, divisions and/or funds relative to benefits received and (3) costs are consistently treated as direct or indirect. These principles ensure that a uniform approach is used in the preparation of cost allocation plans. City personnel provided the expenditure and allocation data to MGT consultants.

Process

The significant steps involved in preparing the cost allocation plan include the following:

- Identify the departments that provide support. These departments are referred to as central service or allocating departments and they provide indirect services as described above.
- Identify the departments, divisions and funds that receive support. These departments, divisions and funds are referred to as operating or receiving departments.
- Accumulate the allowable actual expenditures of the central service departments that provide support to the operating departments.
- Distribute, or allocate, the allowable expenditures of the central service departments that provide support to the operating departments based on available, meaningful, measurable and auditable allocation statistics that match the service provided to the service received.

A double-step down allocation methodology is used to allocate the allowable costs of the central service departments. This methodology recognizes the cross support provided between central service departments. For example, accounting supports information technology by providing payroll, paying vouchers and preparing a budget. Information technology, however, also supports accounting by providing software and hardware and by maintaining and administering various applications and systems. Allowable costs are net revenues, as well as direct payments from operating departments and funds for central services. Allocated department costs covering actuals from October 2020 through September 2021 include pandemic-related costs identified in the City's financial system. Adjustments and reimbursements from grant funding (i.e., CARES Act, FEMA) will be reflected in next year's plan covering actuals from October 2020 through September 2021.

The double-step down methodology requires an initial sequencing of allocating departments. In the first step of the double-step methodology (titled as "First Incoming"), allowable costs from central service departments are allocated in the sequence selected to all City departments, divisions and funds; including to other central service departments. The second step in the double-step down methodology (titled as "Second Incoming") is made to fully account for the cross support provided between central service departments. Central service departments are closed after the second step in the double-step down allocation methodology. Please note that allocations from certain central departments, such as Fleet and Technology Services, only include inbound costs allocated to them in this plan from other central departments. In these cases, any direct costs/department costs associated with these operations are billed to receiving departments throughout the year through other mechanisms outside of the indirect cost plan, such as Memorandum of Understanding (MOU) charges.

Uses of the Cost Allocation Plan

Through the identification of total program costs, the cost allocation plan can be utilized as a basic information tool in a number of financial and budgetary decision-making situations, including the following:

- The cost allocation plan can be used to determine costs applicable to federal and state grant programs. Under the provisions of 2 CFR Part 200, it is permissible to include indirect costs in accounting for many federal and state grant programs. By establishing an indirect cost rate, the cost allocation plan can be utilized to recover the indirect costs associated with administering federal grant programs.
- The cost allocation plan can be used to identify the indirect costs incurred by the city in administering and providing support services to enterprise funds, internal service funds and other governmental funds.

- The cost allocation plan can also be used in establishing service fees designed for cost recovery by ensuring that all of the costs -- direct and indirect -- associated with providing services are included in the cost analysis. The cost allocation plan provides for the identification and recapture of all indirect costs associated with fee for service activity.

Summary

The cost allocation plan establishes a fair and equitable methodology for identifying and allocating indirect costs to direct cost programs. As such, the cost allocation plan can be a valuable tool in a number of financial applications, including the allocation of organizational resources, performance of expense analyses, establishment of fees designed to recover total costs, recovery of indirect costs in the administration of grant programs and reimbursement of costs associated with providing support services to enterprise, internal service and other governmental funds.

Section 2 Certification

Certificate of Cost Allocation Plan

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in this proposal based on fiscal year 2021/2022 are to establish cost allocations or billings for fiscal year 2023/2024 are allowable in accordance with the requirements of 2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
- (2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the Federal awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

Section 4 Reading the Cost Allocation Plan

Reading the Cost Allocation Plan

Sections

Table of Contents

The first few pages of the cost allocation plan are the Table of Contents. The column on the left side of the pages lists the central service, or allocating departments. Each central service department is broken down into functions. Functions are the specific services provided by a particular department. The middle column lists the allocation base for each corresponding function. The column on the right side of the pages is the applicable page number.

Summary Schedule

The next few pages of the cost allocation plan are the Summary Schedule. The Summary Schedule identifies the total dollar amount allocated from every allocating department to every receiving department. Allocating departments are listed down the left column and receiving departments, divisions and funds are listed across the top of each page.

Detailed Schedules

The remaining pages of the cost allocation plan are the detailed schedules for every central service department. The detail schedules for each central service department starts with a description of the nature and extent of services and is structured in the following format.

Departmental Costs (A). The actual fiscal year 2021-22 expenditures for that department.

Expenditures are listed in the left-hand column; functions are listed across the top of the page. There are three different codes that could be denoted on the Departmental Cost schedule. Those three codes are S, P and D and identify how costs are spread or distributed within a specific department. The S (or S1) stands for salaries. The P stands for percentage. The D stands for disallowed.

Incoming Costs (B). The support costs coming into the department from other allocating departments.

Incoming costs from other allocating departments are spread on the ratio of function salaries to departmental salaries. In the few instances where a department has no salaries, incoming costs are spread on the ratio of function expenditures to departmental expenditures. Certain incoming costs, however, may be denoted with an *.

The * identifies those incoming costs that are directly identified to departmental functions or spread to departmental functions on a percentage basis.

Total Allocated (C). The total amount to be allocated for that department.

The total costs to be allocated for each function is the sum of Departmental Costs (A) plus Incoming Costs (B). If a function is determined to be unallowable, it is noted at the end of this section.

Function Allocations. The distribution, or allocation, of the Total Allocated costs by function.

Each function that is allocated out (allowable) has its own allocation schedule. Each schedule lists the receiving departments on the left-hand column, displays the allocation basis used, and shows how the functional costs are distributed proportionately to each user department. The first allocation column is showing the distribution of the central service department expenditures and the first incoming costs for that function. The direct billed column is to show any payments that were already made by the receiving department to that central service department during the fiscal year for that service/function. The department allocation column is the total of the first allocation and direct billed amount. The second allocation column is the allocation of the second incoming costs for that function. The total column is the combined amount of the department allocation column and the second allocation column.

Allocation Summary. The summary of allocated costs by function.

This schedule provides a summary of the allocating departments function allocation schedules. This allocation summary total is forwarded to the summary schedule shown in the front of the cost plan.

Section 5 Summary of Overhead Allocations by Department

Summary of Overhead Allocations by Department

A summary of the cost allocation plan results is shown on the following pages. This Summary Schedule identifies the total dollar amount allocated from every Central Service department to each Receiving department at the department level. The Central Service departments are listed down the left-hand side and Receiving departments across the top.

Section 6 Summary of Overhead Allocations by Fund

Summary of Overhead Allocations by Fund

A summary of the cost allocation plan results is shown in the following pages. This Summary Schedule identifies the total dollar amount allocated from every Central Service department to each Receiving department at the fund level. The Central Service departments are listed down the left-hand side and Receiving funds across the top.

BUILDING DEPRECIATION

Nature and Extent of Services

The Building Depreciation department was created to distribute depreciation charges associated with governmental type fund departments. Depreciation costs were developed from the City's fixed asset depreciation report. Enterprise and Intergovernmental Service fund departments' account for depreciation of their fixed assets in their respective financial statements. The annual depreciation cost for Buildings and Improvements are derived from the City's fixed asset depreciation report and are allocated to Receiving Departments, as follows:

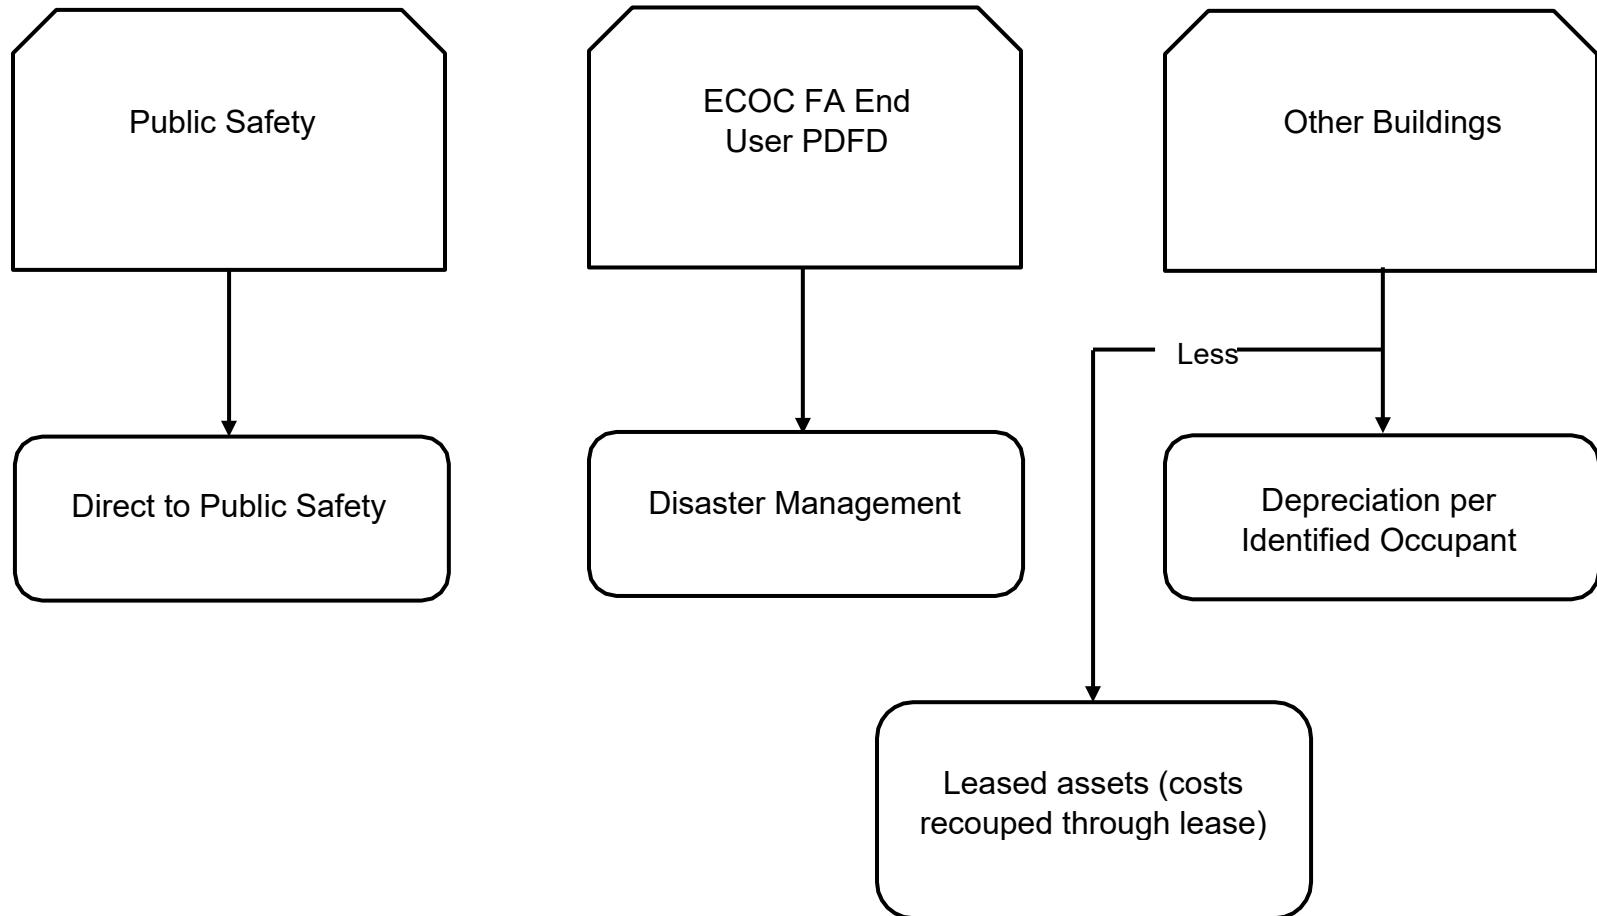

Public Safety - Costs associated with the public safety building have been allocated directly to Public Safety.

Other Buildings - Costs associated with single occupant buildings have been allocated based on depreciation per identified building occupant.

ECOC FA End User PDFD - Costs have been allocated directly to Disaster Management.

The chart on the following page illustrates the functions and measures used to allocate Building Depreciation costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

EQUIPMENT DEPRECIATION

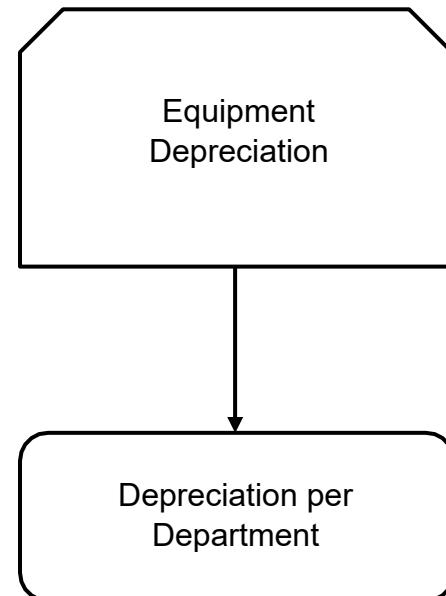

Nature and Extent of Services

The Equipment Depreciation department was created to distribute depreciation charges associated with governmental type fund departments. Depreciation costs were developed from the City's fixed asset depreciation report. Enterprise and Intergovernmental Service fund departments' account for depreciation of their fixed assets in their respective financial statements. Equipment Depreciation costs are allocated to governmental type fund departments, as follows:

Equipment Depreciation - Costs associated with general office equipment, software, vehicle, furniture and fixtures and other equipment, have been allocated based on depreciation per department.

The chart on the following page illustrates the functions and measures used to allocate Equipment Depreciation costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

CIVIC CENTER AND EMERGENCY COMMUNICATIONS AND OPERATION CENTER (ECOC) COSTS

Nature and Extent of Services

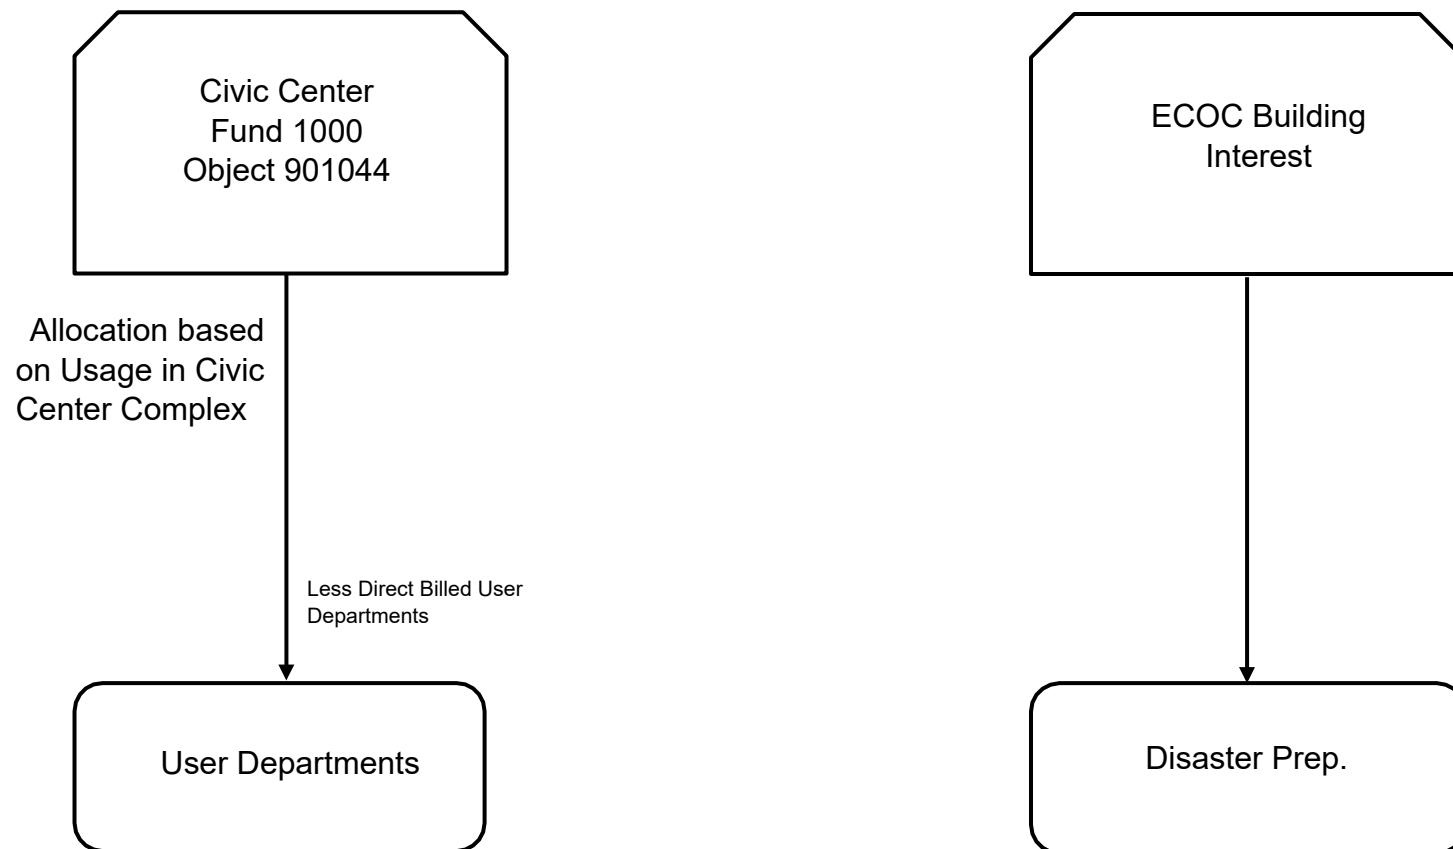

The Civic Center and ECOC department handles the operation and maintenance of the City Hall Complex. These costs are allocated to Receiving Departments, as follows:

Civic Center - Costs applicable to general fund support in relation to operation and maintenance of City buildings have been allocated based on Civic Center Use Charges. The Financial Management portion of the costs were further allocated based on the number of FTE's per Financial Management division.

ECOC Building Interest - Costs associated with ECOC building interest have been allocated directly to Disaster Management.

The following chart illustrates the functions and measures used to allocate Civic Center and ECOC costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

CITY AUDITOR (14 1000)
Nature and Extent of Services

The City Auditor as an elected official is responsible for serving as the ‘general auditor’ of the City’s books, records, accounts, funds and securities for all departments, commissions and offices. The City Auditor is to provide independent assurance that public funds are spent wisely and responsibly to ensure transparency, accountability, and efficiency in City operations and to prevent fraud, waste, and abuse of City resources. Cost associated with the City Auditor function are allocated to Receiving Departments as follows:

Audit Services - Costs associated with oversight and management of departmental and citywide audits, have been allocated based on expenditures per Dept / Bureau / Fund.

The chart on the following page illustrates the functions and measures used to allocate City Auditor costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

CITY CLERK (11 1000)
Nature and Extent of Services

The Office of the City Clerk provides record keeping, record management, and reporting services to the Mayor and City Council, as well as other City departments and the public. The Clerk's department in consolidation with the Los Angeles County Registrar-Recorder/County Clerk oversee and manage the Municipal Elections. The Office of the City Clerk assist City staff in their records management responsibilities to comply with current laws and other administrative guidelines. These costs are allocated to Receiving Departments, as follows:

Council / Dept Support - Costs associated with reporting services, record keeping, and creating the departmental agenda for City Council, have been allocated directly to Legislative department.

Commission Support - Costs associated with supporting various City Commissions have been allocated based on hours of service per department providing Commission Support. In FY 2017, Commission Support costs have been directly charged to Departments. As a result, none will be allocated through the indirect cost plan.

Records Management - Costs associated with records storage provided by the City Clerk have been allocated based on the number of boxes stored per department.

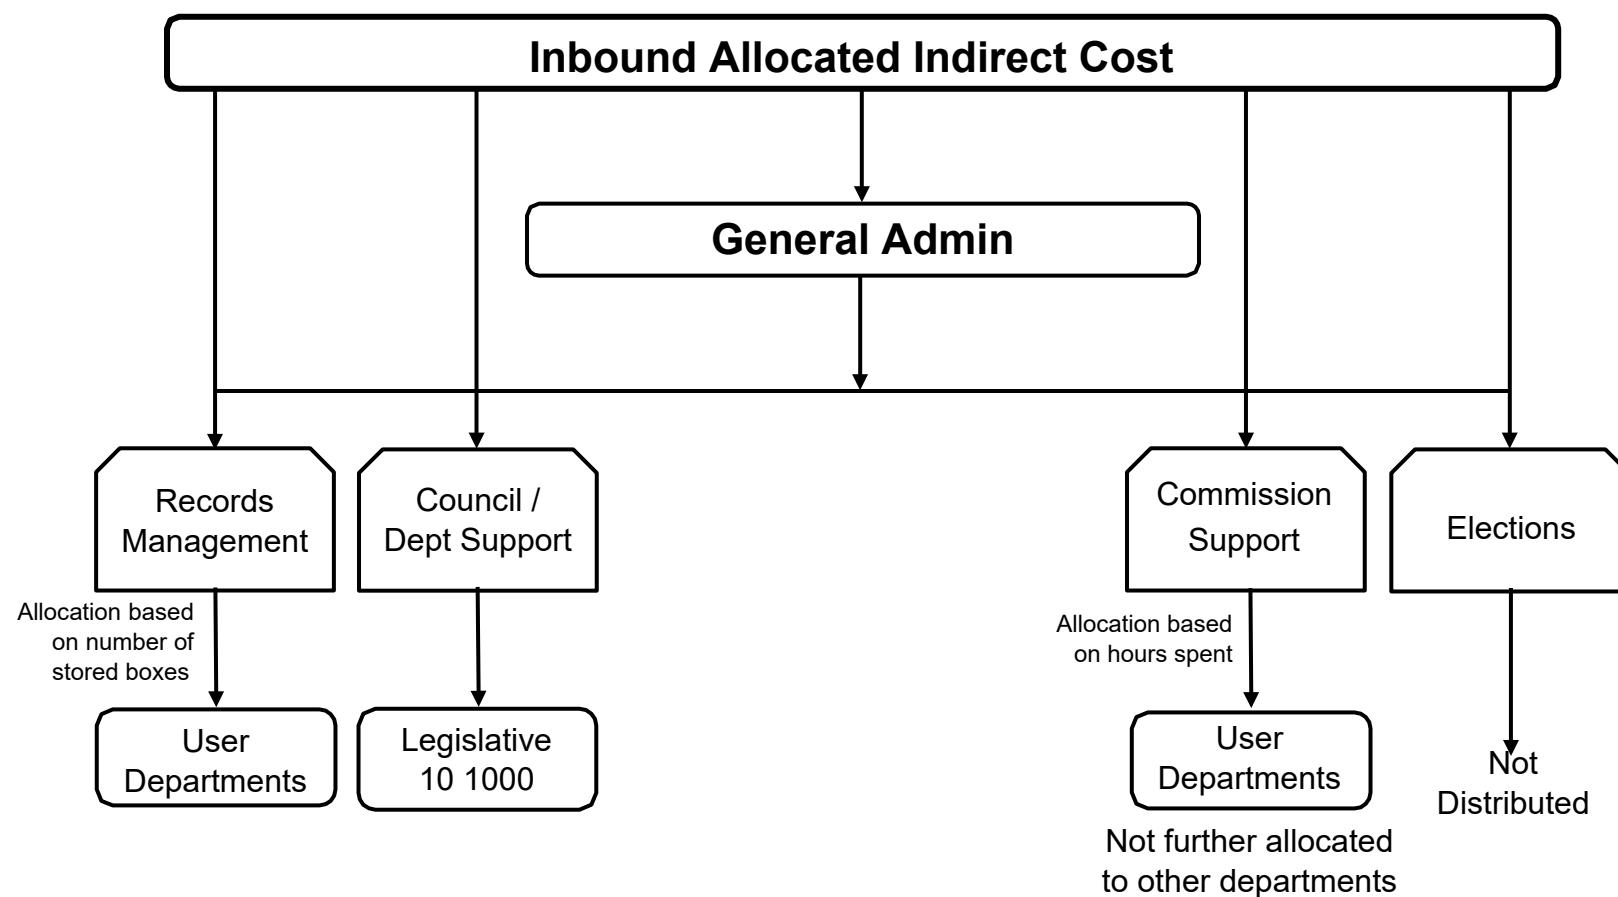

Elections - Costs associated with oversight and management of City elections. These costs have not been allocated.

The following chart illustrates the functions and measures used to allocate City Clerk costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

CITY MANAGER (20 1000) **Nature and Extent of Services**

The City Manager is responsible for the administration of all City departments with the exception of elected and appointed officers and commission-governed departments. These costs are allocated to Receiving Departments, as follows:

Council / Dept Support - Costs associated with general and administrative duties of the office, have been allocated based on the percentage of citywide budget per Dept / Bureau / Fund. (13, 14, 15 @25% (discounted 75%), 12, 50, 60 @ 50%)

Ethics Office - Costs associated with providing citywide tracking and coordination of the Ethics Office have been allocated on the percentage of citywide budget per department/bureau/fund.

Climate Action & Sustainability - Costs associated with providing citywide tracking and coordination of the Climate Action Plan have been allocated on the percentage of citywide budget per department/bureau/fund.

Intergovernmental Affairs - Costs associated with intergovernmental affairs (IGA). 46% of these costs have already been allocated through a separate MOU with all departments and have been excluded from the allocation.

Equity Office - Costs associated with citywide implementation of the Language Access Program have been allocated to departments based on usage and have not been allocated through the CAP. All remaining costs have been allocated on the percentage of citywide budget per department/bureau/fund.

CITY MANAGER (20 1000) **Nature and Extent of Services**

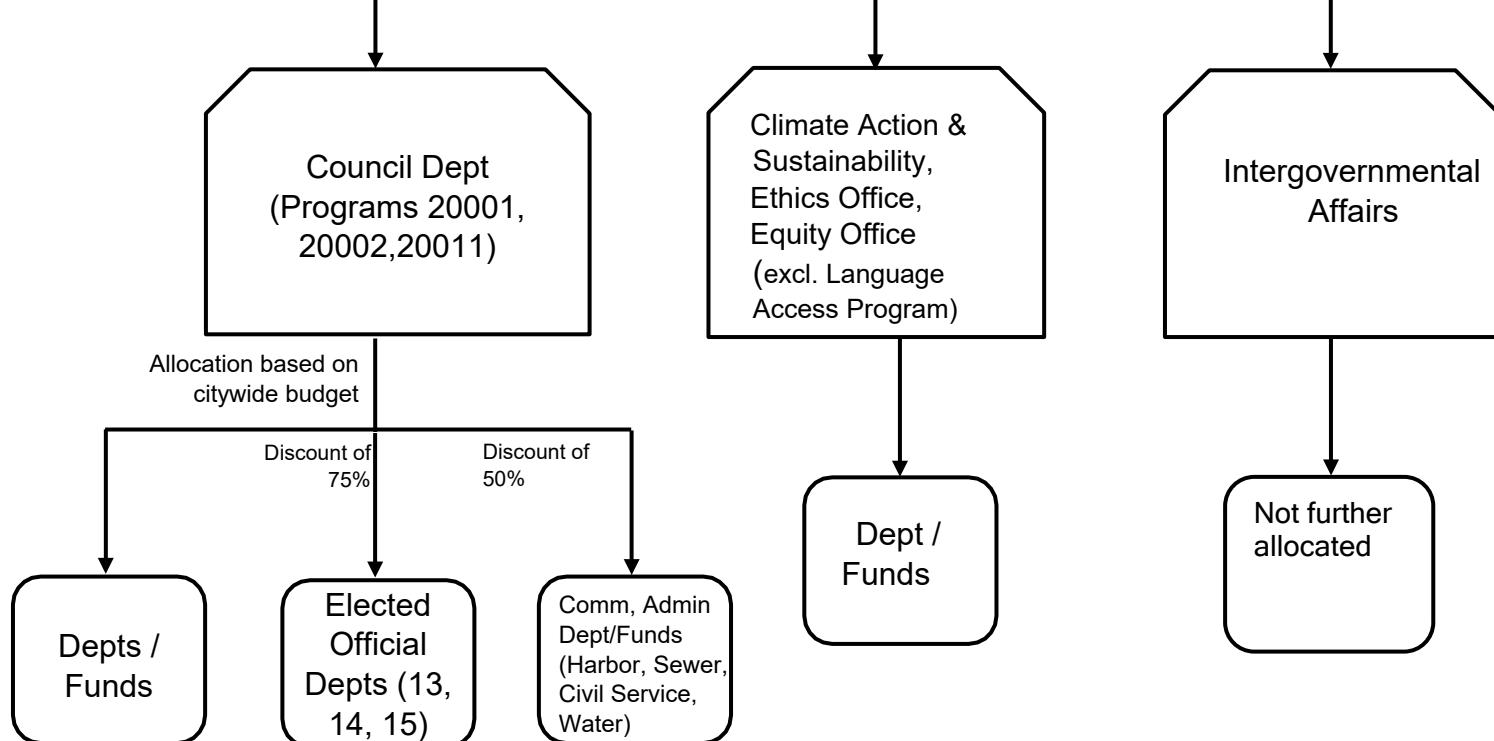

The chart on the following page illustrates the functions and measures used to allocate City Manager costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

CIVIL SERVICE (12 1000)
Nature and Extent of Services

The Civil Service Department conducts the recruitment, examination and certification of applicants for positions in the classified service of employment. The department administers an independent review and hearing procedures for classified city employees affected by either disciplinary decisions and / or adverse public safety disability retirement decisions. These costs are allocated to Receiving Departments, as follows:

Administration & Support Services - Costs associated with departmental overhead, policy review and general record keeping have been allocated based on Classified Employees per Dept / Bureau / Fund (Excl. 10, 11, 13, 14, 15 & 20).

The chart on the following page illustrates the functions and measures used to allocate Civil Service costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

Civil Service

Civil Service Expense – 120000 1000

Inbound Allocated Indirect Cost

Allocation based on budgeted FTEs for
Classified Employees only
Excludes Depts 14, 20, 15, 11, 13, & 10
(per City Charter Section 1100)

Depts / Funds

DISASTER PREPAREDNESS & EMERGENCY COMMUNICATIONS (313101 & 313102 1000) Nature and Extent of Services

The Disaster Management Division is responsible for ensuring emergency preparedness of City departments by maintaining the readiness of the Emergency Communications & Operations Center (ECOC). Responsibilities include training, systems management and department-specific training at the ECOC; ensuring coordination between Department Operations Centers (DOC); providing Standardized Emergency Management System (SEMS) training to City employees; and planning, preparing and managing disaster exercises and drills for all departments. These costs are allocated to Receiving Departments, as follows:

Citywide Support - Costs associated with maintaining the ECOC and ensuring the City's emergency preparedness have been allocated based on the number of full time employees per department.

Police Support - Costs associated with ECOC support provided have been allocated directly to the Police department.

Dispatch Personnel Support - Costs associated with Police & Fire Dispatch have been allocated to Police and Fire based on the number of dispatch full time employees per Police & Fire departments.

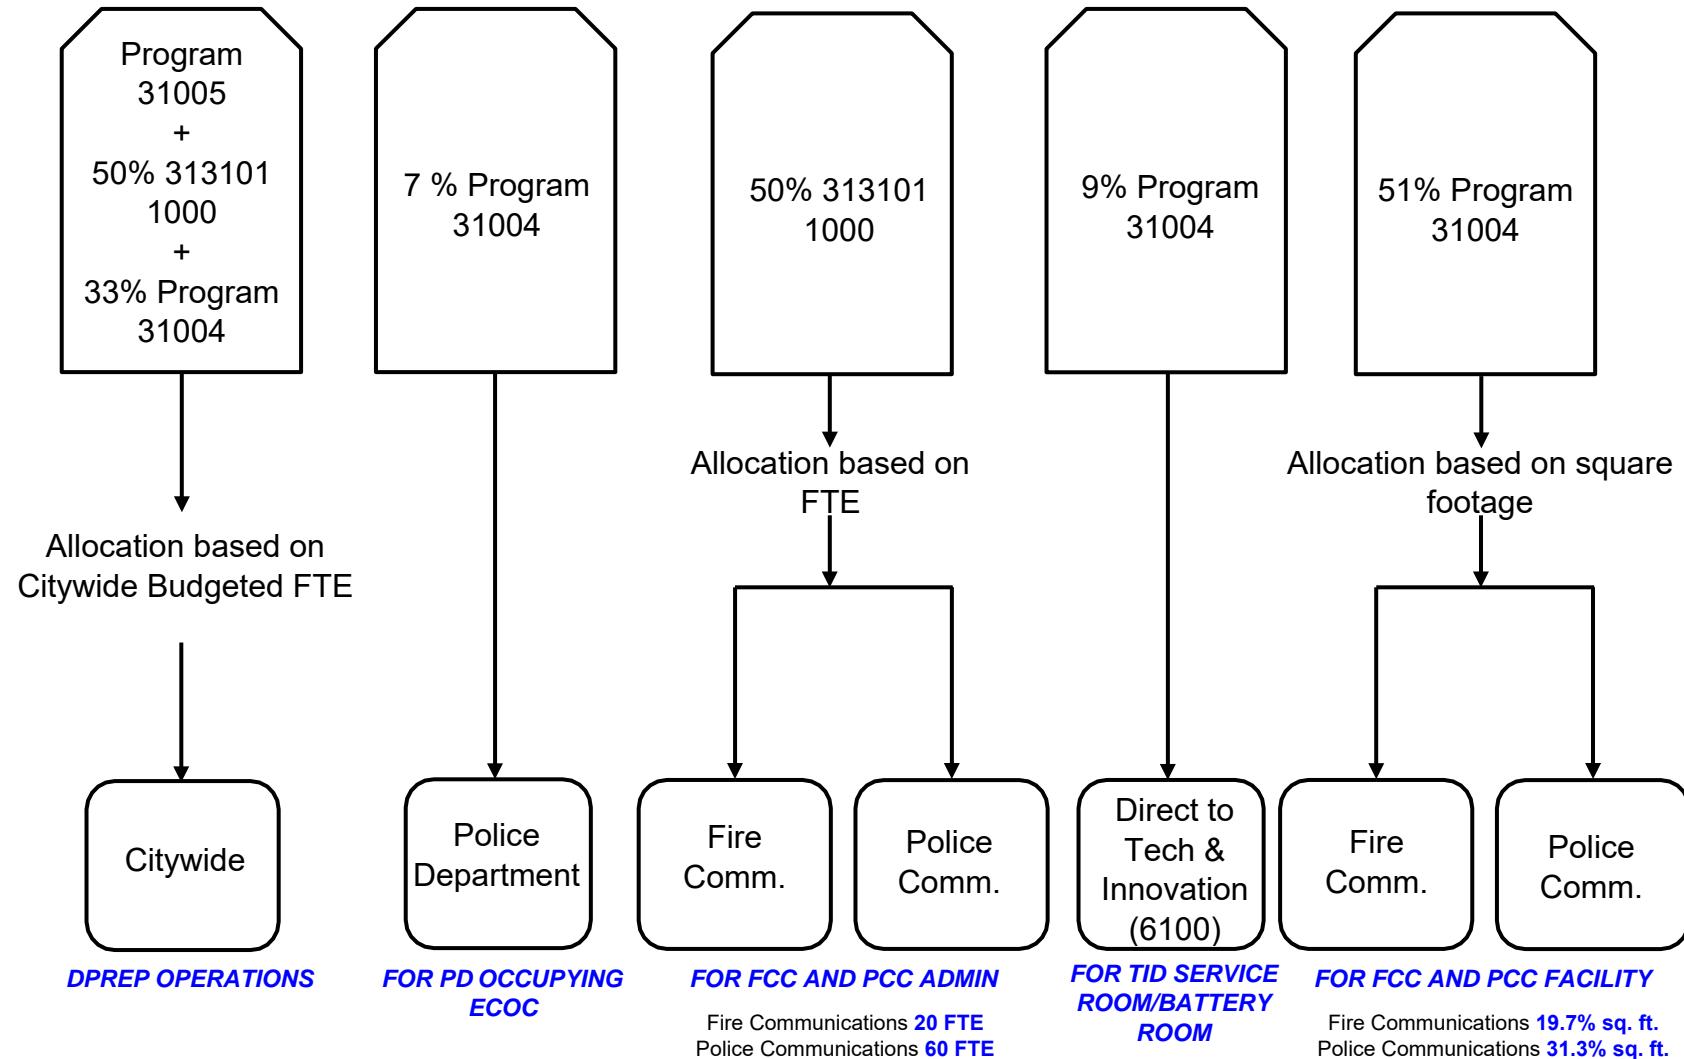

Dispatch Space Support - Costs associated with the maintenance of the Dispatch center have been allocated based on the proportion of the ECOC space - 19.7% Fire & 31.3% Police.

DISASTER PREPAREDNESS & EMERGENCY COMMUNICATIONS (313101 &313102)
Nature and Extent of Services

TID Support - Costs associated with the maintenance of the Technology Service Room have been allocated directly to TID (232304 6100).

The chart on the following page illustrates the functions and measures used to allocate Disaster Preparedness and Emergency Communication costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

FIRE DEPARTMENT ADMINISTRATION (333301 1000)
Nature and Extent of Services

The Fire Department includes all departmental costs associated with the administration of the Fire Department. Fire Department costs attributable to the Tidelands are direct charged while Harbor and Airport operations are allocated through a separate departmental plan and, therefore, are not included in the costs allocated to Receiving Departments, as follows:

Fire Admin - Costs associated with the oversight and management of the Fire Department have been allocated based on the Salaries & Benefits (Characters 80 & 81) per Fire Program.

The chart on the following page illustrates the functions and measures used to allocate Fire Department Administration costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

FINANCIAL MANAGEMENT ADMINISTRATION (222201 1000) Nature and Extent of Services

The Financial Management Administration represents Financial Management Director and support staff provide activities for all programs in the Financial Management Department, including purchasing (222204), budget and accounting (222202), city controller (222203), fleet (222208), commercial services (222206), treasury (222205). These costs are allocated to Receiving Departments, as follows:

Admin General - Costs associated with general management of the Financial Management department have been allocated based on Work Hours per Financial Management Program.

Admin Personnel - Costs associated with oversight and management related to personnel within the Financial Management Department have been allocated based on the number of work hours per Financial Management Program.

The chart on the following page illustrates the functions and measures used to allocate Financial Management Administration costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

FINANCIAL MANAGEMENT ACCOUNTING BUREAU (222203 1000) Nature and Extent of Services

The Accounting Bureau of the Financial Management department is responsible for maintenance of the City's financial system, data processing of accounts payable and checks, payroll processing, indirect cost plan, certain billing and collections functions, and fixed asset control. These costs are allocated to Receiving Departments, as follows:

General Accounting Citywide - Costs associated with all aspects of the financial system control, including fixed assets, maintaining the financial books of the City, bank and system reconciliations, and issuing appropriate financial reports. Gas, Harbor, Water, and Sewer do not receive some of these services and are therefore discounted in the allocation basis. These costs have been allocated based on the number of financial transactions per Dept. / Bureau / Fund. (Excl. Journal Vouchers & Budget for Depts 50 & 60) and (Excl. 50% of all transactions 38, 50, 60) & (Fixed Assets for Depts 38, 50 & 60).

Accounts Payable Citywide - Costs associated with the City vendor payment process, including coordinating year end close, encumbrance review, maintaining the citywide vendor file, processing state & federal legal reporting requirements for 1099's, and assisting all departments with Advanced Purchasing and Inventory Control System and other payment related topics. Gas, Harbor, Water, and Sewer do not receive some of these services and are therefore discounted in the allocation basis. These costs have been allocated have been allocated based on the number of all check and voucher transactions per Dept. / Bureau / Fund. (Excl. Vouchers for Depts 38, 50 & 60) and (Excl. 50% Checks Depts 38, 50 & 60).

FINANCIAL MANAGEMENT ACCOUNTING BUREAU (222203 1000)
Nature and Extent of Services

Project and Grants Accounting - Costs associated with the accounting and financial support provided to capital improvement projects and grants have been merged with General Accounting Citywide costs and allocated based on the same methodology.

The following chart illustrates the functions and measures used to allocate Financial Management Accounting Bureau costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

Financial Management Accounting Bureau

Inbound Allocated Indirect Cost

General Admin

A/P Citywide
Unit 22304

Allocation based
on all voucher
transactions
(Excl. Depts
30,50,68)

Allocation based
on all check
transactions
(Excl. 50% for
Depts 30,50,60)

Gen Accounting,
Project, and
Grants Accounting

Allocations based on transactions:
1)Excl Journal Vouchers for Depts
38,50,60
2)Excl 50% of all transactions for
Depts 38,50,60
3)Excl Budget for Depts 38,50,60
4)Excl Fixed Asset transactions for
Depts 38,50,60

FINANCIAL MANAGEMENT PURCHASING (222204 1000)
Nature and Extent of Services

The Purchasing department is responsible for coordinating purchases of all materials, supplies, contracts and equipment used by the City and for issuing Business Licenses. These costs are allocated to Receiving Departments, as follows:

Financial Management Purchasing - Costs associated with oversight and management of the City's purchasing process, have been allocated based on solicitations, purchase card transactions and 50% of the value and 50% of the number of purchase orders issued per Dept. / Bureau / Fund.

The chart on the following page illustrates the functions and measures used to allocate Financial Management Purchasing costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

Financial Management Purchasing

Business Service Bureau – 222204 1000

Inbound Allocated Indirect Cost

Allocation based on solicitations, procurement card transactions,
50% of the value and 50% of the number of purchase orders issued.

FINANCIAL MANAGEMENT FLEET SERVICES BUREAU (222208 6200)
Nature and Extent of Services

The Fleet Services department has been incorporated into Financial Management. Any direct costs associated with Fleet have already been billed and only indirect costs are allocated through the Plan. These costs are allocated to Receiving Departments, as follows:

Fleet Services - Direct administrative and indirect costs associated with Fleet Services costs, have been allocated based on current Fleet Service charges per Dept / Bureau / Fund.

The chart on the following page illustrates the functions and measures used to allocate Financial Management Fleet. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

LAW (13 1000)
Nature and Extent of Services

The Office of the City Attorney (Law Department) handles all the civil legal affairs of the City of Long Beach. The duties of the City Attorney are set forth in the City's Charter, which provides that the City Attorney shall be the sole and exclusive legal advisor of the City, City Council, and all City commissions, committees, officers and employees. It prepares opinions, ordinances, resolutions, contracts, leases, and other legal documents. It acts as legal counsel to all City departments, the Gas and Water utilities, Airport and Harbor Departments, and all Tidelands Operations. This department is allocated as follows:

General Admin & Law - Costs associated with providing legal support services to all City departments and programs have been allocated based on the total personal service costs of the attorneys and staff providing the service per Dept / Bureau / Fund.

The chart on the following page illustrates the functions and measures used to allocate Law costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

PUBLIC WORKS ENGINEERING (303004 & 303008 1000)
Nature and Extent of Services

Public Works Engineering Administration and Transportation Mobility includes all the administrative costs associated with the Engineering and Transportation Mobility bureaus of the Public Works department. These costs are allocated to Receiving Departments, as follows:

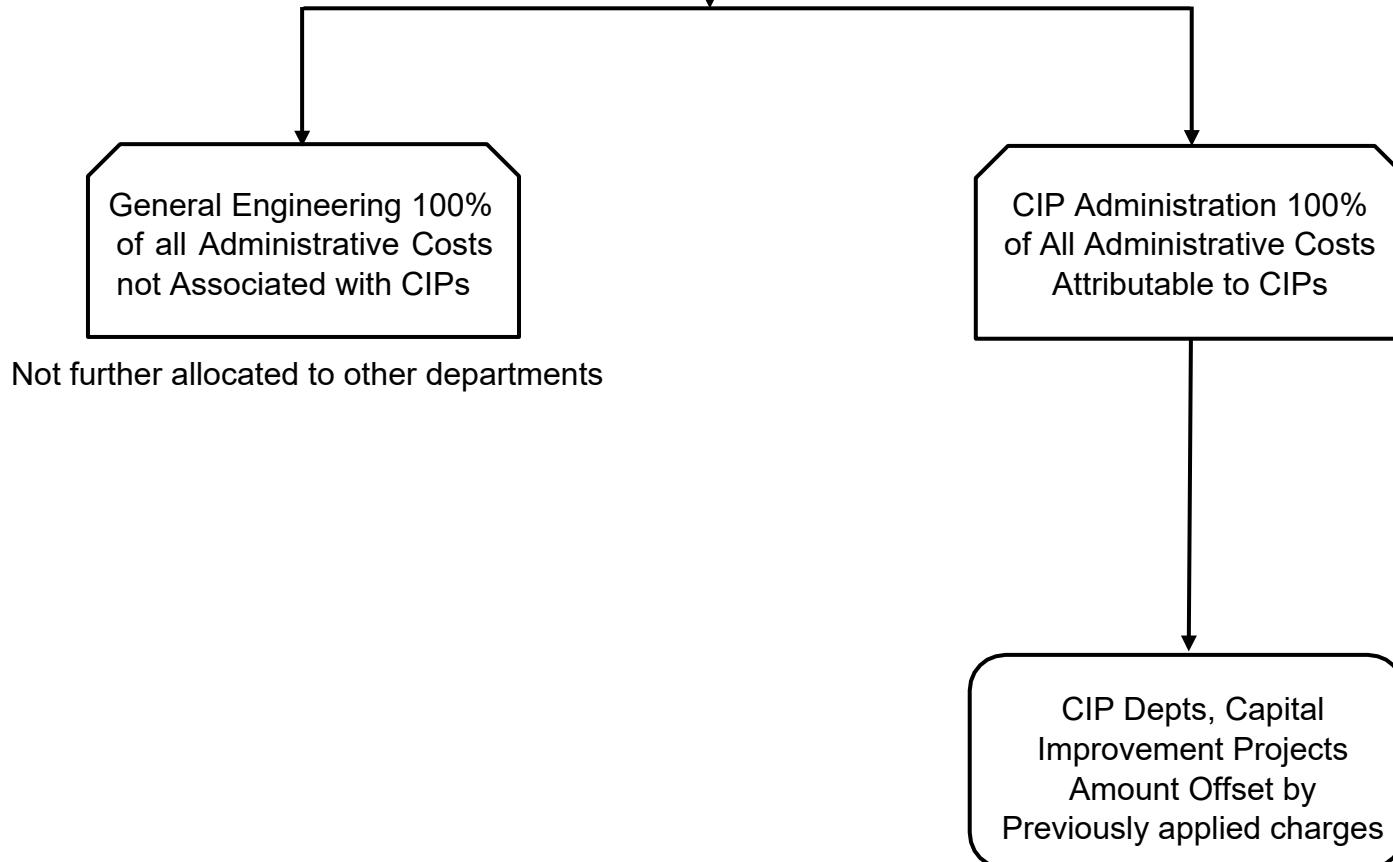

General Engineering - All administrative costs that are not associated with CIP. These costs have been allocated directly to the Public Works Engineering and Traffic Engineering Bureaus.

CIP Admin - Administrative CIP costs have been allocated based on CIP Project Costs.

The chart on the following page illustrates the functions and measures used to allocate Public Works Engineering and Transportation Mobility Administration costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

TECHNICAL SERVICES (23 6100)

Nature and Extent of Services

The Technology and Innovation Department (TID) is mainly accounted for in the general services internal service fund. TID's core services include the following:

- Provide the City Workforce with a fast and reliable communications infrastructure.
- Enhance workforce productivity by delivering cost effective technology products and support services.
- Ensure the confidentiality, integrity and availability of the City's information and the security of the City's network.
- Provide innovative solutions to enable open and transparent government in partnership with the City departments.
- Manage Long Beach's government access television channel (LBTV), mail and messenger services, central printing and reprographics.

Direct costs have already been billed to departments through TID's 12 MOUs. Indirect costs are allocated to Receiving Departments, as follows:

Technical Services - Indirect costs associated with Technology Services, have been allocated Citywide based on current Technology MOU object Services Charges per Dept / Bureau / Fund.

The chart on the following page illustrates the functions and measures used to allocate Technical Services costs. The top tier shows the Central Service department, the second tier shows the functions developed, and the third tier shows the measures used to allocate costs citywide:

Technology Services

Inbound Allocated Indirect Cost

Allocation based on Objects 900020,
900100, 900200, 900300, 900400
Excludes Citywide Activities (Dept 70)

HHS Executive Office-Admin
Nature and Extent of Services

The Executive Office is a Bureau within the Department of Health & Human Services that includes the Financial Services Division and the Administrative Operations Division. Financial Services is responsible for financial management of grants, general accounting, purchasing, and budget preparation. Administrative Operations is responsible for payroll and human resources. The Bureau is also responsible for technology projects, facility maintenance, funding development, policy and planning, and equity.

The Executive Office provides support throughout the department and the costs are distributed by the following functions:

Administration - Costs have been allocated based on the number of labor hours per Bureau, including Housing.

Administration, Excluding Housing - Costs have been allocated based on the number of labor hours per Bureau, excluding Housing.

Fiscal Support - Costs have been allocated based on number of transactions per Bureau.

Personnel Support - Costs have been allocated based on number of labor hours per Bureau.

Environmental Health - General Admin (353508 2200)
Nature and Extent of Services

The Environmental Health Bureau is responsible for protecting the public's health by preventing disease, unsanitary conditions and exposure to toxic substances; and by eliminating environmental hazards in the community. This is accomplished through routine and complaint-driven inspections, enforcement of municipal, state and federal laws, and community outreach, prevention and education.

Environmental Health- General Admin provides internal support to the Bureau and the costs are distributed by the following function:

Environmental Health Admin (HE0600A) - Costs for the general administration of the Environmental Health Bureau have been allocated based on the number of transactions per Environmental Health Index Code.

Physician Services - General Admin (353505 2200)
Nature and Extent of Services

The Physician Services Bureau houses the PHEM and CDC programs. They provide core public health functions and include the Clinical Services Division, the Laboratory Services Division, communicable disease control and vital records services (i.e., birth and death records). The City Health Officer supervises the medical services in areas which are critical to addressing key functions of the local health jurisdiction in preventing chronic and communicable disease and disability in Long Beach.

Physician Services - General Admin provides internal support to the Bureau and the costs are distributed by the following function:

Physician Services Admin (HEPY0500A)- Costs for the general administration of the Physician Services Bureau have been allocated based on the number of transactions per Physician Services Index Code.

Collective Impact Bureau – General Admin

Nature and Extent of Services

The Collective Impact Bureau was established to advance equity and address critical needs for children, youth, individuals, and families. The bureau oversees the City's Office of Youth Development, violence prevention efforts, strengthening families initiatives, early childhood education programs, resource connection, Community Crisis Response team, Office of Veteran Support, and mental health support. The Bureau consists of two divisions: Community Impact Division and Resource Connection Division.

Collective Impact- General Admin provides internal support to the Bureau and the costs are distributed by the following function:

Collective Impact Admin (HECI3506A) - Costs for the general administration of the Collective Impact Bureau have been allocated based on the number of transactions per Collective Impact Index Code.

1. The Indirect Cost Rate is calculated using : **FY2021 - 2022 Allocated Cost + Indirect Cost Rate Base**. The Indirect Cost Rate Base is the total applicable expenditures covering the plan year from October 1, 2021 to September 30, 2022, in the following MUNIS characters: Personnel (Characters 80 & 81), Materials, Services & Supplies (Characters 82, 83, 84) and Internal Support (Character 90).

2. 0% rate calculated due to no applicable expenses at the Department, Bureau, and Fund level during plan year from October 1, 2021 to September 30, 2022.
